

New Customized Concentration Request

Name: _____ Net Id: _____

Email (please print clearly): _____

New Customized Concentration Name: _____

Course numbers and names:

_____	_____
_____	_____

Rational for the course choices:

Please list other courses you have completed that are not part of the major, but are courses that might count for a concentration in something. For example, please list all STEM classes that are not part of the major. Please include the course number and name.

_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

Note that having a course approved for your concentration does not mean that you are guaranteed to be able to take the course. If getting into a course requires an add code, it is up to the instructor teaching that course to decide whether or not to give you the add code. Please be polite to all instructors. Thank you.

NOTE: If you are completing a concentration that is listed on acme.byu.edu, you can declare that concentration with the college advisement center (for example, with Brooke Anderson, brooke_anderson@byu.edu). If you are seeking a customized concentration, please be diligent in getting this form turned in as soon as possible so it can go on your “my map”. Thanks.
